## Big Co-Operative Plan

Chicago, Ill., March 23.—If plans now about, completed by the Chicago Federation of Labor work out successfully co-operative stores for the distribution of products direct from the farmer to the consumer will soon be established in every section of this city. The plans contemplate the purchase of a large number of grocery stores in different parts of Chicago, retaining the present proprietors as managers at a fixed salary, and a percentage on all sales over a certain amount each month.

A central warehouse is to be estab-

lished to which the goods will be shipped by the farmers and from there they will be distributed to the various branch houses. The goods will be sold at the prevailing market prices, but purchasers will be entitled each month to a rebate, according to the amount purchased and the profits made.

The project will be managed by the International Equity Union, composed of the organized farmers and the local labor bodies. The new organization has already received its character of incorporation and is prepared to issue charters to the various local branches.

## ALLEGED GRAFTERS ON TRIAL

Harrisburg, Pa., March 23.—The second lot of defendants in the Capitol conspiracy cases were called to trial today. The present defendants are William P. Snyder, former State auditor; Fillman L. Mathews, former State treasurer; James M. Shumaker, former superintendent of the board of public grounds and buildings; Representative H. Burd Cassel and Joseph M. Huston, the architect of the Capitol, who made application for a separate trial.

Three of the present defendants, with John H. Sanderson, the contractor, were convicted several weeks ago on several of the charges made against them, and when the present cases are disposed of still other defendants will be placed on trial.

The prosecution of the alleged frauds was the outcome of the political upheaval in Pennsylvania in 1905 which resulted in the election of William H. Berry, Democrat, as State treasurer in the fall of that year. Berry threw open the books of the State treasurer and showed that the cost of building the Capitol was more than three times the amount of the contract. The case was laid before the attorney general and indictments found against fourteen persons. In addition to the graft in connection with the construction the State claim there are frauds amounting to nearly \$5,000,000 in the furnishings.

## BUSY WEEK AHEAD FOR TAFT

Washington, D. C., March 23.—The list of speaking engagements arranged for Secretary Taft will keep him away from Washington nearly the whole of this week. He begins the week with an address before the Chamber of Commerce at Trenton, N. J., and will wind up Saturday night in Chicago, where he is slated to speak at a banquet of the Commercial Club of that City. On his way to or from Chicago it is probable that Secretary Taft will drop off in Ohio to see how his political interests are faring in his home State.

## MISS FISH A BRIDE

New York, March 23.—In the presence of a notable assemblage of persons prominent in the social life of New York and other cities, Miss Julia Kean Fish, daughter of Hamilton Fish, this afternoon became the bride of William Lawrence Broese, son of Mrs. Henry O. Higgins of London. The ceremony was performed in St. James' Church, the interior of which was superbly decorated with a mass of palms and other greens and cut flowers in profusion. On account of the marriage being solemnized during Lent there was no choral service, and the wedding reception at the Fish home in East Seventy-seventh street was a comparatively small one, the invitations being restricted to relatives and a small number of intimate friends.

## FARCICAL FUMIGATING.

So Says Brumby In Bringing Suit Against Pullman Company.

Austin, March 23.—State Health Officer Brumby has returned from San Angelo. He states that he has filed there a suit on behalf of the state against the Pullman Palace Car company for penalties for alleged failure on the part of the company to properly disinfect its cars in accordance with law. Suit is directed against S. M. Carley, of Fort Worth, district superintendent, and a car cleaner of the company named Rutledge. This is the first suit to be filed in the state by the health department for violation of the law which requires car companies and owners of hotels and public buildings to properly disinfect them. The penalty for each offense is from \$20 to \$200. Dr. Brumby announced that this is just the beginning and that other suits are likely to follow, as present methods of disinfecting are purely farcical, he alleges. The suit was instituted in justice court.

Insurance Commissioner Love returned from St. Louis, where he has been investigating certain companies. He announced that the Great Western Life Insurance company of Kansas City had withdrawn its application for authority to do business in Texas. It is understood the company does not want to comply with certain provisions of the Robertson law.

The attorney general's department has forwarded to the United States supreme court twenty-five copies of the brief in the case of the Galveston, Harrisburg and San Antonio Railway company vs. the state, involving the constitutionality of the Love gross receipts tax law. This law was held valid by Texas courts. Attorney General Davidson and Assistant Attorney Hawkins will leave the last of this month for Washington to submit the case.

Dallas, March 23.—It is announced here, says a Times Herald special from Fort Worth, that Senator Bailey will arrive Thursday and open headquarters at the Delaware hotel. He will remain until Saturday night, when he will address a mass meeting at the city hall.

C. K. Bell, G. H. Hoggsett and others declare Mr. Bryan will at the last moment oppose the election of Senator Bailey as a delegate at large.

## STEVENS ATTACKED.

Four Koreans Assault Him In a San Francisco Hotel.

San Francisco, March 23.—D. W. Stevens, diplomatic adviser to the Korean council of state, who arrived on Friday from Korea, was attacked and knocked down by a committee of four angry Koreans in the lobby of his hotel. Only the prompt arrival of guests and employees of the hotel in response to his loud cries for help saved his life, for the Koreans declared later they would have killed him. Stevens was severely bruised and scratched, but not dangerously injured.

Mr. Stevens, in an interview upon his arrival, said the Korean people have been greatly benefited by Japanese protection and they are beginning to look more favorably upon it. He also said the Korean peasants welcomed the Japanese and officials and are beginning to think well of the Japanese on the ground that the only hope for Korea is in the reorganization of old institutions on the lines proposed by Japan. Other statements, all of which were favorable to Japan in relation to their native country, made the Koreans angry.

After the assault Mr. Stevens went to his room. Hotel lobby was thrown into a state of intense excitement by the affray. Stevens had his injuries attended to and refused to be seen, as he was in no condition to discuss the attack, which he firmly believes was murderous in its intent.

## STEVENS SHOT THREE TIMES.

Draws His Pistol and Wounds One of the Koreans Attacking Him.

San Francisco, March 23.—D. W. Stevens, who was attacked by a committee of Koreans in the Fairmont hotel Sunday night for favoring the course of the Japanese in Korea, was shot three times by two Koreans at the Union Ferry building Monday. Mr. Stevens drew his pistol and shot one of the Koreans.

The great revival of Roosevelt-third-termism indicates that the president was not sincere in his recent reiteration of his former promise not to accept another nomination. Some of the third term leaders are his closest personal and political friends. As the time of the convention approaches it is becoming more and more probable that the battle will be fought by the two giants, Bryan and Roosevelt.

#### DELEGATE PRIMARY MAY 2.

State Democratic Executive Committee Has Fixed the Time for the Election of Delegates at Large to Denver.

The State democratic executive committee held a meeting at Ft. Worth Saturday, and after considerable contention, and the submission of majority and minority reports, the following majority report resolution was adopted providing for a primary to select four delegates at large to the national convention at Denver. The matter involves the candidacy of Senator Bailey for delegate and will mark the first opportunity the democrats of the State have had to pass judgment at the polls upon his course since the Bailey controversy reached the acute stage. The full text of the resolution is as follows:

"Resolved, by the Democratic Executive Committee of Texas, That a general primary is hereby called and directed to be held in all the voting boxes of this state on Saturday, May 2, 1908, for the purpose of electing delegates and alternates at large to the national convention to be held in Denver in July, 1908, and that said primary shall be held as far as practical in the manner and in accordance with the rules and regulations governing primary elections for state officers provided in the laws of Texas; provided, that the presiding officer of each voting box shall appoint two judges and two clerks to assist in holding the primary, one judge and one clerk being appointed by him for each combination of candidates for delegates at large and alternates, and from the names furnished him by the representatives of each such combination. The return of each such voting box shall be made by the presiding officer thereof to the county chairman of the respective county, and the returns of the county shall be made by the county chairman to the State Executive Committee in the manner provided by the primary election law for state officers.

"The executive committees of the various counties are hereby directed to hold the primary election herein provided in accordance with these resolutions and to provide for the expense of so doing.

"All qualified voters under the primary election law of Texas except those of negro descent who shall take the following test shall be entitled to vote in such primary in the voting precinct in which he resides. The test shall be printed upon the ballot, and is as follows:

"I am a Democrat and pledge myself to support the Democratic presidential electors nominated by the Democratic party in 1908, and the nominees of the Democratic party to be nominated in the primary election to be held in Texas in July, 1908."

"The names of the candidates for delegates at large and alternates at large by the Waco mass meeting held March 7, 1908, and those to be nominated at the Fort Worth meeting to be held March 18, 1908, shall be placed upon the ballot in parallel columns, and shall be numbered as follows: No. 1 (name) No. 2 (name), No. 3 (name), and No. 4 (name), and in the order certified by the chairman of the respective mass meetings and which shall be done by April 10, 1908, to the chairman of the State Executive Committee.

"In case any nominee shall refuse

to serve, the chairman of the mass meeting nominating him may within the time given for the preparation of the official ballot certify another name.

"The chairman of the State Democratic Executive Committee shall prepare the form of ballot in accordance with these resolutions, and shall certify such form to the chairmen of the respective county committees on or before April 15, 1908. Said ballot shall be headed 'Democratic Official Ticket,' and shall be uniform throughout the state, and no ballot voted upon any other ticket than the official ballot shall be counted.

"The State Executive Committee shall meet and canvass the returns of the primary election on the day prior to the assembling of the Fort Worth State Convention, which shall be in the manner provided for by the Terrell primary election law for canvassing the returns of primaries for state officers. The candidate or candidates who shall receive a plurality of the votes cast in such primary election over those candidates whose names bear the same number for the same officer shall be declared the elected delegates and alternates at large, as the case may be, by the State Democratic Convention to be held at Fort Worth, and the chairman of said convention shall certify such results to the national convention to be held in Denver in July, 1908."

A child near Moody had high fever but the father, being a sanctificationist, refused to have a doctor or to allow medicine to be given, whereupon the child's grandfather applied to District Judge Surra at Waco, who, by telephone, ordered the child's father to allow the grandfather to employ a doctor. The father submitted but renounced all responsibility in the case.

There is dearth of legislative candidates in Texas this year, as usual. In this case, as in that of the Bryan city offices, there is nothing to tempt a man to seek the office, but plenty of good men willing to serve if they can be elected without trouble and expense. The people ought to get busy and carry the office to the right man. If they don't maybe the wrong man will grab it.

#### DENIES THE ALLEGATION.

Campbell's Father Writes Letter to the Governor Stating that he Gave Out no Interview Regarding Bailey Matter.

An Austin special from the Houston Post of Sunday is authority for the statement that Hon. T. D. Campbell did not authorize the interview recently published by the Dallas Times-Herald, in which the Governor's supposed attitude in the Bailey controversy was set forth. The following is taken from the Austin report in reference to the matter:

"Having seen this purported interview with himself, Mr. Campbell wrote, a letter to the governor, and when seen this morning by a Post representative, the governor said that the letter could not be given out, since it was purely personal, but that his father had said that he had authorized no interview whatever and that he had not expressed himself, either in favor or in condemnation of United States Senator Joseph W. Bailey."

The Times-Herald man alleged in the interview article that witnesses were present when Mr. Campbell's father made the statement in the St. George Hotel at Dallas, and named D. A. Russel as one of them.

Rev. Jas. A. Challenor preached an unusually interesting and out of the ordinary sermon at the Christian church Sunday night on the above topic. **REVIVAL AT FREE BAPTIST CHURCH.**

Rev. S. L. Morris is Conducting the Meeting and Strong Interest is Being Manifested.

The revival services at the Free Baptist Church began Sunday with a strong introductory sermon preached by Rev. S. L. Morris, former pastor of the church and much beloved by the membership. The sermon was a running commentary on the first seven verses of the second chapter of Revelations, and was an earnest appeal to the church to work energetically and pray earnestly for a revival. That the words of preacher went to the hearts of his hearers was evidenced by the fact that less than a dozen persons in the audience failed to respond to an invitation to covenant with each other to use their best efforts for the success of the revival. Rev. Morris preached again Sunday night, his text being "Ye can do nothing without me." There was deep feeling in the congregation and in response to proposition several asked for the prayers of the church. The services were continued yesterday and last night with increasing interest, and will go on through the week.

Rev. Morris is editor of the Free Baptist News, published at Alvord, Texas, which is the official organ of the denomination in this field.

All are cordially invited to attend and participate in the meeting.

## EDWARDS IS CAPTURED.

Murders Man Before Wife and  
Baby of Victim.

### SIXTEENTH CRIME OF KIND

While Testifying In a Case Kentucky  
Desperado Confessed to Killing Fifteen  
Persons, Saying He Never Returned  
to Witness His Bloody Work.

Chicago, March 23.—D. D. Edwards, a Kentucky desperado, who Friday night, says a dispatch to the Tribune from Chattanooga, Tenn., shot and killed J. W. Davis in sight of the latter's wife and baby, was Sunday night captured at Trenton, Ga., twenty-five miles from Chattanooga.

Edwards had attempted to disguise himself and was sitting in the waiting room of the station and was waiting for a train to Birmingham, Ala. Bloodhounds were put on the trail of the murderer a few hours after the deed was committed, but because of the heavy rain Saturday night it was impossible to track him for more than twenty miles.

Edwards was surrounded near Durham, Ga., and after exchanging several shots with his would-be captors made his escape. He went from there to Trenton, Ga., timing his arrival only ten minutes before the fast train was due. The train was thirty minutes late and in that time his disguise was discovered.

Edwards recently confessed to having killed fifteen men while testifying in a murder trial. These included several negroes he killed in a riot at Chicago several years ago. He could not remember how many negroes he slew, saying "I never went back to look at people I shot to see if they were dead."

### BOLD BURGLARS.

Even the Presence of a Bulldog Did  
Not Deter Them.

New York, March 23.—Burglars entered four residences in the vicinity of Fifth avenue and Eighth street, in the heart of the fashionable East Side district, Sunday. They failed, however, to get away with anything of much value in three of them. From the fourth, that of George Thatcher, they took about \$1,500 worth of gold spoons and \$500 worth of small jewelry. They jumped from a high fence in the rear of the house of Benjamin Thaw, uncle of Harry K. Thaw, to the fire escape on the rear of the Thatcher residence, boldly carrying their plunder from the last named dwelling out the front door under the light of a street lamp directly opposite the house.

The other houses entered were those of Colonel Albert E. Hilton, Mrs. N. F. Dana and Mrs. Sydney Smith. They were not disturbed in the Smith house, but apparently took nothing, while alarms given by servants frightened them from the other two. Their disregard of the police was shown by the fact that they scaled the Thatcher fence to the barking of a bulldog in the yard of the Thaws, one of them dropping a glove into the Thaw yard, however, for the animal to chew on.

### NOTED VIRGINIAN GONE.

"Longstreet's Fighting Aide" Crosses  
the River of Death.

Richmond, Va., March 23.—Colonel John Walter Fairfax died at his home, Lessylvania, Prince William county, in his eightieth year. He was a well known veteran of the civil war, having held the rank of colonel in the Confederate army. In 1864 he succeeded Colonel Sorrell as ranking officer on the staff of General Longstreet. Owing to his dash and gallantry Colonel Fairfax has been characterized in history as "Longstreet's fighting aide."

### Twenty-Two Thousand Affected.

New Bedford, Mass., March 23.—Notices of wage reduction averaging 10 per cent were posted in all cotton mills here. The reduction to become operative April 6. Yarn mills, which are outside the New Bedford Cotton Manufacturers' association, will, it is understood, take similar action. About 22,000 operatives will be affected—16,000 in cloth mills and 6,000 in yarn mills.

### Wood Wins.

Washington, March 23.—The case of Thomas Hunter, sheriff, for Buncombe county, North Carolina, vs. James Wood, agent of the Southern railway at Asheville, N. C., involving a conflict over the North Carolina railroad rate law, was decided by the supreme court of the United States in favor of Wood. The decision was announced by Justice Peckham, and in effect sustains the Federal courts and thus holds invalid the state law.

## POISONS BETROTHED.

After Girl's Death Young Man  
Ends Own Existence.

Milwaukee, Wis., March 23.—Miss Nettie Plaschek, aged seventeen years, died Monday from strychnine poisoning administered by her sweetheart, Leo Wojenski. The fatal drug was mixed with some ice cream. When Wojenski learned of her death he hastened to make the tragedy a double one by taking a dose himself. He died an hour later. The crime was probably inspired, it is alleged, because the man's parents objected to his proposed marriage to the young girl.

### SHOT COURTING.

Rival Fires Three Times Into Room  
Where Other Man and Girl Were.

Knoxville, Tenn., March 23.—Blevins Hudnall, a prominent coal operator of the Middlesboro, Ky., district, was shot by Charles Cooper at the home of Miss Margaret Runyons at Middlesboro. Hudnall was brought to this city and is in a hospital. The shooting, according to a special from Middlesboro, occurred at the home of the girl, whom both Hudnall and Cooper had been courting. Cooper, learning that Hudnall was with her, is said to have become jealous. It is charged he went to the door and fired three shots into the room where Hudnall and Miss Runyons were sitting, one shot taking effect.

### BANDITS' BIG BOOTY.

Attack Couple of Men, Overpower  
Them and Take Large Amount.

Reno, Nev., March 23.—Three bandits, heavily armed, overpowered Edward Hoffman and a companion on a road two miles from Rawhide, threw them to the ground and made off with their victims' two-horse rig, taking gold and bank notes amounting to \$47,000 with them. The money was consigned to the Consolidated Mining company at Rawhide. W. A. Miller, one of the owners of the Coalition property, resides at Reno, and stated that he had received only meager details of the alleged crime. Posses from Churchill and Esmerelda counties started in pursuit.

### SWEPT BY CYCLONE.

Swift Wind Passes Through East  
Feliciana Parish, Louisiana.

Baton Rouge, March 23.—Reports have been received here of a cyclone which swept through East Feliciana parish early Monday.

Much damage has been done by wind and rain, especially to telephone and telegraph wires. Communication with outside points is very slow.

### SLEW SWEETHEART.

For This Diabolical Deed Italian Gave  
Up His Life on Scaffold.

Washington, March 23.—Joseph Paolucci, an Italian, was hanged here Monday for the murder of his sweetheart, Elizabeth V. Dodge, in September, 1906. The Italian ambassador intervened in Paolucci's behalf on the claim that the trial was not impartial, but the president refused to commute the sentence.

### Ten Drowned, Four Saved.

Lubeck, Germany, March 23.—Ten members of a pleasure party were drowned by the upsetting of a motor ferryboat on Lake Ratzberger. Four others were saved.

### Reward for Night Riders.

Carlisle, Ky., March 23.—Nicholas county authorities have offered a reward of \$200 for the apprehension and conviction of any number of the gang of night riders who called at the home of Hiram Hedges on Friday night and shot him to death. Governor Willson has been asked to offer \$500 reward for the apprehension and conviction of any member.

### Due to Kerosine Oil Explosion.

Dayton, O., March 23.—Mrs. Florence Bliser, aged forty years, and her son aged fifteen, were fatally injured in a kerosene oil explosion at their home. The boy tried to hasten the fire in the stove by pouring kerosene over the smoldering blaze. There was a terrific explosion. Both were terribly burned and are dying in a hospital. The mother tried to rescue her son.
